

## Site Supervisor – Chicago Office

### Overview:

We are seeking a highly motivated Site Supervisor to join our Chicago Office team. We believe in a culture of collaboration, high energy, open communication, being helpful, and having some fun while we do it. We are a growing company where you will be involved in many areas of our business and have a high impact on our success.

### Company Description:

Founded in 1948, Moore Landscapes is a growing commercial landscape company providing maintenance, enhancements, design, construction, interior, and snow management services. Moore was acquired by the private equity firm ClearLight Partners in 2017, with the goal of building a leading regional commercial landscape company with annual renewals over \$100M.

### Site Supervisor Responsibilities:

- Fill out reports, as specifications require
- Oversee horticultural related concerns on maintenance
- Identify issues with Irrigation System
- Assist in planning, organizing, directing and coordinating the services of maintenance and installation
- Assist in equipment organization and communicate with mechanics for repairs/maintenance
- Assist in the hiring and training of new field employees
- Perform snow removal and ice control during the snow season

### Site Supervisor Requirements:

- General Horticultural Knowledge
- Team Leadership Skills
- Safety Knowledge
- High attention to detail
- Minimum 5 years supervisory experience

### Benefits:

- Competitive Salary
- Health, Dental, Vision, 401K, and Life Insurance (after 90 days)
